

UNICITY NEIGENE COLLAGEN PLUS

We all know that beauty isn't only skin deep—it's what inside that matters. We also know that there is something to be said for looking your best, for making a good impression, for looking the part. That's why we spend hours looking for the perfect dress, the perfect lipstick, the perfect hairstyle to feel beautiful.

Collagen Plus uses innovative science to support skin health from the inside and works outward. It's a collagen supplement that can help your skin retain a younger feel and appearance. It contains marine collagen and other extracts and antioxidants to make your skin the best it can be.

Neigene Collagen Plus is the best of both worlds. It goes beyond the surface. Instead of using creams and powders to cover your face,

BENEFITS

Promotes healthier skin from within.

Supports skin elasticity and smoothness.*

Improves moisture content of the skin.*

Helps protect from environmental elements such as UV rays and free radicals.

SUGGESTED USE

Mix one packet with 6 ounces of water.

Drink before a meal to improve collagen digestion and reduce occasional bloating.

Use Neigene Collagen Plus daily for best results.
